

# Seeing stray cats?

## We can help!

**Best Friends Animal Society's free\* Community Cats Project, a partnership with PetSmart Charities®, is the humane, effective way to reduce the number of cats living on our streets. Community cats are the unowned stray or feral cats who live outdoors in our neighborhoods.**

### THE COMMUNITY CATS PROJECT PROVIDES:

- Humane trapping of stray and feral cats, followed by spaying or neutering, vaccination and return of the cats to their home area. Over time, their numbers are reduced.
- Ear-tipping of spayed or neutered cats. A painless procedure, an ear-tip is the universal symbol of a spayed or neutered outdoor cat.

### BENEFITS OF SPAY/NEUTER:

- Prevents unwanted litters
- Saves taxpayer dollars by keeping cats out of municipal shelters
- Decreases the number of cats dying in shelters
- Helps improve the health of outdoor cats
- Reduces nuisance behaviors like spraying, fighting, howling and roaming

### HOW YOU CAN HELP:

- Please tell us about stray cats with no ear-tip who need spaying or neutering.
- Call us to volunteer or to learn how you can feed and care for outdoor cats.

**Together, we can Save Them All®.**

\*Some restrictions may apply.

**Don't like cats in your yard?  
Please call or email us for details on humane deterrents to keep them out.**
